Advanced Bookbinding: Beyond the Basics will be a two and a half day class offered July 24, 26 & August 2 for artists ready for their next challenge: *Collecting Natural Materials, Experiments in Paper Manipulation*, and *Bookbinding with Experimental Paper*. We are going to take existing paper and play with modifying / adding to it with a rich array of found natural fibers, as opposed to creating our paper from scratch. Then for the class finale, we will bind uniquely style books using our richly enhanced papers.

**Class Material Fees** for all classes include paper for text, cardboard for covers; glue, needles and thread for sewing. Students should bring xacto knives, metal or metal-edged rulers, bone-folders and plastic triangles. John has some to loan if needed. Bring a vinyl grid cutting mat if you have one. You are encouraged to begin collecting decorative fibers to include in paper manipulation and print all sorts of ephemera to include in your projects!
