PhotoZone Gallery's

Twenty Third Annual Juried Show Exhibition

June 29th through July 29th, 2011

**Emerald Art Center
500 Main Street
Springfield, OR 97477**

Juried Exhibition

PhotoZone Gallery's Annual Juried Show Exhibition provides a venue for fine art photographers from across Oregon to display their work. For some of the entrants, this exhibition is a chance to show work publicly for the first time.

All work submitted for exhibition each year is reviewed by members of the gallery. Graphic design, light and color, tonality, image power, originality and technical quality of each piece are considered.

This year out of a record total of 178 photographs submitted, 62 were accepted, representing 40 photographers.

PhotoZone Gallery

PhotoZone Gallery was founded in 1988 as a collective dedicated to the study, production, display, and promotion of fine art photography. Each year since then, the group has exhibited the work of its members and of invited guests, and has provided the community with a forum for the appreciation of photographic art. Over the past 23 years, the Gallery has shown the work of over 875 photographers. The group has not had a regular gallery for over eight years, except a brief period at the (now closed) Oregon Arts Alliance but has had many group shows in various locations. This is the eighth year the Juried Show has been shown at the Emerald Art Center.

Members share responsibility for administering the organization, managing exhibitions, and contributing expenses. Membership is open to anyone showing serious interest, dedicated activity and demonstrable progress in photographic art. If you are interested in joining PhotoZone, please visit our website:
